

PAMGOLET SALES AND PROFIT DASHBOARD SUMMARY

Overview

The dashboards provide insights into Pamgolet's sales and profit performance across products, countries, and customer segments for the years **2013 and 2014**. Key metrics include total units sold, sales value, profitability, and geographical distribution.

Sales Performance

- **Yearly Sales:**

Sales grew significantly from **175 units in 2013** to **525 units in 2014**, representing a **200% increase**.

- **Top Product by Units Sold (2014):**

- **Paseo** recorded the highest sales with **338K units**, far outperforming other products such as **VTT (169K)** and **Velo (162K)**.

- **Top Month for Sales:**

- The highest sales occurred in **July**, with **Paseo generating \$1,159,200** in revenue.

- **Geographical Sales Insights:**

- Sales were strongest in the **United States of America**, followed by **Canada, France, Germany**, and **Mexico**.

- The **U.S.** led with **\$25.03M** in total sales.

- **Mexico** accounted for about **\$21M**, with **Paseo** again being the most profitable product there.

Profitability Insights

- **Highest Profit by Product:**

- **Paseo** achieved the **highest profit of \$4.80M**, maintaining dominance across markets.

- **Profit by Segment:**

- **Government segment** contributed the most profit (**\$11.4M**).

- **Enterprise segment** reported a **loss of \$614.55K**, indicating potential inefficiencies or pricing challenges.

- **Profit by Country:**

- The **United States of America** was the most profitable market, with total profits exceeding **\$25M**.

- Profit distribution across countries was relatively balanced, with Canada, France, and Germany each generating around **\$24–25M**.

KEY TAKEAWAYS & RECOMMENDATIONS

Key Takeaways

- **Paseo** is both the **best-selling and most profitable product**, making it a strategic asset for the company.
- The **U.S. market** continues to be the **strongest contributor** to overall revenue and profitability.
- **Enterprise clients** represent a **risk area**, requiring review of pricing, cost structure, or customer strategy.
- Consistent performance across multiple countries suggests **strong global demand** and effective market penetration.

Recommendations

1. **Leverage Paseo's success** by increasing production, marketing, and distribution in top-performing countries.
2. **Review Enterprise segment** operations to identify causes of negative profitability.
3. **Capitalize on Government partnerships**, which deliver the highest returns.
4. Continue **expanding in high-performing regions** (U.S., Canada, France) to sustain growth momentum.
